Merriott Has What it Takes — A Quiz Night Triumph!

October 18th saw over 70 local residents gather at the Village Hall to partake in the Merriott Messenger's annual quiz night. It was an evening of captivating quiz questions, accompanied by a delicious dinner and dessert — prepared and served by ARK at Egwood's catering team. Each of the fifteen teams were raring to go, collecting refreshments and raffle tickets as they entered the venue, eager to enjoy some lovingly-cooked lasagne before putting their pens to paper and diving into a fantastic selection of quiz questions, devised by Paula and Steve Bateman.

The quiz commenced with a picture round, which was followed by other categories including: sports, entertainment, history, and geography; each team put their heads together to find the answers to the diverse set of questions. In addition to the quiz itself, we held a raffle with a variety of prizes on offer; guests were delighted as their ticket numbers were announced and they could choose their winning item from the table of goodies.

Team *Grey Cells Wanderers* took victory on the day, taking home some of ARK at Egwood's finest produce. The night drew to a close with a lovely speech of thanks from the Messenger's own John Bowman.

The Merriott Messenger Team would like to thank everyone who was in attendance, we are incredibly grateful for your contributions and hope that all guests had a marvellous time. We would also like to express our gratitude to ARK at Egwood, a valuable supporter of Merriott Village Hall events throughout the year, for catering the event and donating raffle prizes; the Merriott Village Hall Board of Trustees, for graciously hosting us free of charge — allowing the Messenger to keep ahead of increasing costs; Rosemary Evans for managing the finances of the event; The Kings Head and The Feed Station for donating raffle prizes; Phil and Michelle Venn and the staff at Merriott Premier Shop, and Lola Dry (MVH Events Coordinator) for ticket sales (76 in total); and our caretaker, for preparing the tables and chairs and providing support at the bar.

Additionally, big thanks are due to Eric Vose for his organisation of the evening, and to Paula and Steve Bateman, for being brilliant quizmasters and sourcing the table top offerings.

The proceeds from the event exceeded our expectations and will be put towards the Messenger's publication costs, so that we are able to continue to produce content for our village — thank you for coming, we look forward to next time!

Police Consultation in a New Venue

PCSO Hickey has been available for consultation by residents at the Blake Room in the Village Hall. She will, in future, be located in a private room at the Merriott Pharmacy, which she hopes will be more accessible for residents. This has been possible thanks to the kind agreement of Max Punni and the staff at the Pharmacy.

PCSO Hickey will be at the Pharmacy on **December 11th 2025** between **10am and 11am**, and on **January 8th 2026** between **10am and 11am**. She will be pleased to hear from any residents who wish to raise any subject with her.

Updates from Merriott Parish Council — October and November 2025

The published minutes of the meetings of the Merriott Parish Council (MPC) are the formal record of the proceedings. These minutes are available after meetings on the Council website and should always be referred to for the detail behind the discussions and decisions made at these meetings.

The development at Shiremoor is ongoing and the site manager has been made aware that some site vehicles are not using the allocated roads — *Lower Street to Crewkerne along the Crewkerne Road via Pye Corner*. Where this is identified, please take the name of the lorry company and the number plate details and report the incident to the company.

Potholes continue to be a problem and residents are urged to report these to Somerset County Council so that they can be addressed. County has been made aware that some repairs scarcely last a week or so and is to report back on this issue.

There continue to be concerns over shoppers at Budgens parking on the pavement and part of the road opposite the shop. Those using the shop and parking on either side of the road are reminded to remember pedestrians, especially those with pushchairs, wheelchairs, etc., and to park responsibly and considerately. Please also consider the impact your parking may have on the visibility of other drivers coming from the four roads entering the roundabout on the Knapp. There have been a few 'near misses' in recent months.

Members of the public have put together a plan for non-profit making village groups to use the pavilion. MPC has agreed to the proposals.

Re-fencing the village hall car park has now been satisfactorily completed. Very positive feedback has been received for the works. Several minor maintenance jobs (including ditch works) are underway. MPC approved a proposal to replace the damaged pavilion clock. A Bleed Kit (a collection of emergency medical supplies designed to stop severe, life-threatening bleeding before professional help arrives) has now been received and is installed adjacent to the Defibrillator at the Village Hall.

The overhaul and refurbishment of the Merriott Orchard and the pathway leading to it from Clapperhay continues. These works will include the pruning and ongoing management of the specimen apple trees planted in the orchard.

Feedback from residents relating to the Speed Indicator Device (SID) installation has been positive and some residents have stated they notice a difference in the speed of vehicles. The Highways team is clarifying the correct method of gathering and analysing the data to identify trends in each location. The speed of traffic along Boozers Pit is to be taken from satellite data, as discussed with residents at a previous MPC meeting.

The footbridge at Moorlands has a number of slats that have been broken again, County had placed warning tape and closed off the area but this appears to have been removed and residents are continuing to use the bridge at their own risk. MPC is waiting for County to repair again.

Work to carry out the essential coppicing work of the hazel trees on Shyners Terrace is underway. Further clearance and cutting back of overgrowth are scheduled for the lower part of Evergreen Path and Shyners Terrace. The woodchips from the hazel are to be recycled and used on the slippery footpaths near the Shiremoor site.

If you would like to play a part in helping to develop projects for our village, the Council would welcome further volunteers who wish to play a role in developing our community. "Ask not what the Parish Council can do for you but what can you do for the Parish Council". Please contact the Council at clerk@merriottpc.org.uk.

A Warm Welcome to Our New Sponsor, Chedington Compost

Set in the rolling hills of Dorset, just outside Beaminster, Chedington Compost is a family-run business producing premium compost, organic manure, mulch and wood chippings for gardens, allotments and landscaping projects across the South West.

We are passionate about keeping our compost miles low. Everything that goes into our products is sourced locally, from manure and green waste to wood chippings from nearby tree surgeons. This supports our local community, helps reduce our environmental impact, and ensures consistent, high-quality results.

While many products on the market are little more than shredded green waste, our compost is different. Every batch is carefully turned, graded and regularly tested to guarantee rich nutrient levels and a fine, workable texture. The result is nutrient-rich compost that delivers real results, helping gardens, allotments and landscapes flourish season after season.

Our customers often tell us that *"it just works"*. That's because we invest the time, care and equipment needed to create a product that's genuinely effective, not just recycled material.

As a small, family-run business, we believe good compost starts with good relationships.

Scott and Alice are your main points of contact and are happy to answer any questions, offer product advice, or help arrange delivery. We value the trust our customers place in us and take pride in offering a friendly, personal service alongside a product we genuinely believe in.

A Cascade of Poppies

My daughter, Rachel Biggs, is a teacher at King Edward VI School in Stratford Upon Avon — William Shakespeare's school. She is also a keen crafter and particularly enjoys knitting and crocheting. She has been inspired by the Poppy Cascade at The Tower of London, deciding to make a cascade of knitted and crocheted poppies to celebrate the 80th anniversary of the end of the Second World War.

She planned to make one big enough to hang outside the chapel on the school site. Obviously, she needed a large number of poppies and asked the school community to help with the making of these. Over the years, Rachel has made many items for organisations in Merriott. She has donated crocheted 'Worry Worms' to ARK, hats and baby blankets to RAFT, and woollen squares for Open Group blankets; so, I had no qualms in asking the village of Merriott to help her. The Craft Club and the Open Group set to and made about 450 poppies of varying size and colour. Families and friends of her school have made the total up to 2150, so Merriott made a significant contribution.

The photo to the right shows the cascade hanging outside the chapel, it looks stunning against the black and white walls of the old school.

News from All Saints Church

Advent Sunday falls on the 30th November this year. This marks the beginning of the season of preparation to receive the Good News of the birth of Jesus at Christmas. While there won't be a service in Merriott on Advent Sunday, there are two special services elsewhere in the Benefice. At **10.30am** there will be a **Benefice Communion for Advent** at **St Michael and All Angels Church, Haselbury Plucknett**. At **6pm** there will be a reflective **Evening Service for Advent** at **St Nicholas Church, Dinnington** — this will include music from the brilliant Ad Hoc Choir.

In the build-up to Christmas, we offer all of the usual favourites, including the *Christingle Service*, *All-Age Carol Service*, *Carols in the Churchyard*, and the *Crib Service*. You are all welcome to attend any or all of them! We would love to see you.

Janet Kenyon: A Message of Thanks to Merriott

Many of our readers in the village will have met Janet Kenyon, who lived on Broadway in the house that forms the corner with Orchard Drive. She was, until recently, a familiar face around Merriott, but her declining health has kept her indoors in recent months. It was, therefore, a welcome surprise when the Messenger received a letter from her son, Terry, which we are happy to reprint below.

Janet has been living on Broadway in Merriott for some years, firstly with her husband; but, for the past 3 years, on her own, with carers on hand to help her as she has been struggling with dementia. She was always very active and would often walk around the village, on her own at first, but more recently with her carer, friend, or family member. She is very sociable and was always keen to speak, especially to dogs! I know that there are quite few local people who knew her and would speak to her. On several occasions she managed to get lost and the local contact group always swung into action to get her 'rescued' and returned safely home. It was a fine example of the local community looking after one of their own, and I wanted to express my thanks for the care and kindness which was shown to her.

Sadly, Janet's condition is slowly deteriorating and she has now moved into a residential home nearer to her family.

*Kind regards,
Terence Kenyon*

We are sure that you will join the Merriott Messenger Team in sending every good wish to Janet as she enjoys her new life, closer to her family.

A Wonderful Start to the Half-Term at Merriott Primary School

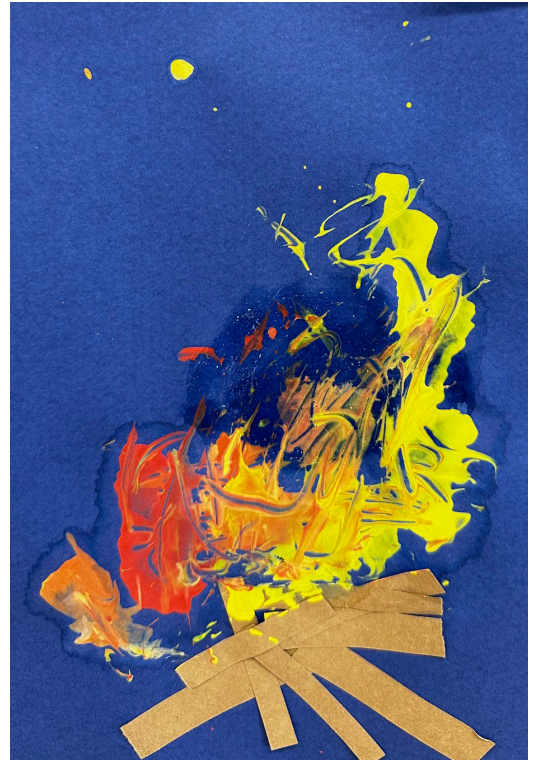

We've had a fantastic return to school after the October half-term, with plenty of exciting learning and activities taking place across all year groups.

We began the term with a whole-school assembly, led by *Carymoor Environmental Trust*, inspiring us all to think about how we can look after our environment through the principles of reduce, reuse, and recycle. Two of our classes took part in hands-on workshops — one exploring composting and the other learning about how to reduce electronic waste. The children were thoroughly engaged and left with lots of ideas as to how to take action at home and in school.

Our EYFS class have been learning about Bonfire Night and Guy Fawkes, creating some stunning artwork using blow painting techniques to represent fireworks — an explosion of colour and creativity! We hope you enjoy looking at a selection of them.

This month, we're also marking Anti-Bullying Week with the theme 'Power for Good'. To celebrate, our school council have launched a creative competition to design the best pair of odd socks — a fun way to celebrate individuality and kindness. Watch this space for our winners!

Past Times

This month, in our look back to Merriott in days gone by, we feature another familiar part of the village that is instantly recognisable, yet has seen many changes in the past 100 years or so.

The picture to the right shows the junction of Knapp with Broadway, Lower Street, and Moorlands Road. Although we don't know the exact date, it was probably taken in the late 1800s. The children's style of clothing suggests that era and the absence of traffic further confirms it to be depicting an age when it was possible to stand around in the road without fear of being mown down by impatient motorists! The road has yet to see a Tarmac surface and the evidence in the road left by horse traffic places this image firmly in the Victorian or early Edwardian era.

The Crewkerne Co-operative Society was then situated in what was later to become the Post Office, long before it relocated to what is now Budgens. Just visible, on the far left, is the wall of the cottages that used to stand in Broadway, making the corner with Moorlands Road. The premises that is now Budgens was then the tailoring business of Mr George England. The view ahead up Lower Street is largely unchanged — in the centre of the picture, note the yew hedge atop the stone wall, both of which are still there in 2025.

If we jump forward in time, around a quarter of a century, and move the camera ninety degrees, the second photograph shows us the same area in the early 1920s, but now looking up Broadway. The sign above the Co-op has been 'modernised' but the store itself appears otherwise much the same as in the previous picture. Mr Sprake's barbershop has undergone many changes of use and ownership in the intervening years and Q&Co Hair was, until very recently, carrying out the same line of business from that premises.

From the lettering on the window, it seems that Sprakes also sold (Wills) tobacco and

cigarettes, the advertisement for Reckitt's Blue on the wall above the barber's pole suggests he may also have supplied other domestic necessities.

The lady in the lower right seems curiously out of place for a photograph of this era. Observe the way the other people have been artistically positioned outside Sprakes, exactly as a portrait painter might arrange their models to create a balanced, if unnatural, composition. Our lady in blue seems to have inadvertently walked into shot just at the moment the photographer pressed the shutter release. Maybe the image we have here has been trimmed down and the original picture showed a much wider view where her 'half in, half out' position would have not been an issue. We'll probably never know unless anyone can come forward with a solution to this riddle.

As before, we would love to know if you can provide any background memories to add to the stories of these two pictures. Likewise, if you have any original photographs of Merriott that you would be willing to lend us for possible inclusion in future Past Times articles, please contact the editor by email at merriottmessenger@gmail.com.

With acknowledgements to Keith Mullins and Sheila Bowman whose excellent book, 'Merriott, A Historical Snapshot', has been an invaluable source of information for this article. Thanks are also due to Crewkerne Museum for the original photographs.
